Board members re-visit middle school calculator restrictions

At the December TMSCA Board meeting, the TMSCA Executive Board re-visited the calculator restrictions instituted by the board during the summer meeting. Prior to the meeting, our middle school directors did an intensive investigation into what advantages, if any, the use of certain calculators could provide contest participants.

After extensive discussion and research, the board determined that any advantages in using the TI-NSPIRE could be negated by simply having students adhere strictly to the TMSCA/UII requirement that all calculators must be cleared and free from downloaded applications.

They did determine that there were still two calculators that possessed the capability to create an unfair advantage for participants using their basic functions: the Casio Prizm and HP Prime. These two calculators have been banned from use at the middle school level because of that fact.

TMSCA Middle School directors want people to realize that using the TI-NSPIRE can create an unfair advantage at the middle school level if coaches

and students are dishonest and choose to try and circumvent the system by downloading apps and creating programs to solve specific problems and do not clear their calculators prior to contest participation. Hopefully, this won't happen.

Instructions for Resetting Memory on all N-SPIRE handhelds

Coaches need to teach their students these instructions to properly clear all memory and apps off of an N-SPIRE handheld.

1. **Go to "My Documents" from the home screen.**
2. **Press the "Menu" button.**
3. **Choose option "C" by pushing the C button in the alpha keyboard at the bottom of the calculator.**
4. **Select "OK" to clear everything.**
5. **This message will be on the screen: "All documents and folders have been deleted."**
6. **Leave this message on the screen until the proctor has seen it.**

their opinion whether by email or phone call specific to this calculator dilemma. All sides of the issue were considered when making the final decision to allow all models of N-SPIRE handhelds and to ban the Casio Prizm and HP Prime.

We are asking all coaches to please make sure if your student is using an N-Spire handheld that students are aware of how to clear them prior to the contest. This includes the eraser/deletion of downloaded apps or programs not included on the device when purchased. The clearing of these calculators during the state meet could really slow things down tremendously if students are not prepared and do not know how to clear their N-SPIRE handhelds prior to the competition.

The TMSCA board would like to thank all coaches who voiced
