## TMSCA Physics Tests to mirror UIL tests in selections/sequencing from directed reading

The book chosen for this year by Dr. Bixler for directed reading for the Physics portion of the HS Science test is "Six Easy Pieces" by Richard Feynman. His framework to divide it evenly over the three levels for UIL was:

Chapters 1-2 for District and Invitational A&B,

Chapters 3-4 for Regionals, Chapters 5-6 for State

The framework for inclusion of this Physics directed reading into our TMSCA spring tests is:

Four (4) questions from Chapters 3-4 will be on TMSCA #13,

Four (4) questions from Chapters 5-6 will be on TMSCA State Test.

## Executive Board creates two sets of middle school qualifying scores

After reviewing a large number of scores from Middle School invitational competitions from the fall of 2015 and listening to input from coaches across the state, the TMSCA board decided to establish two sets of qualifying scores for 2016, one for 1A-4A and one for 5A-6A.

Other factors considered when making this decision to split the qualifying scores were levels of the participation

at the previous Middle School championship meets and the space limitations given to TMSCA by UTSA, the host site of the MS state meet. Hopefully, these scores will increase participation of TMSCA member schools from the smaller UIL classifications.

As you prepare your students for the upcoming qualifying meets, be sure to use the qualifying scores appropriate for your classification.

## Marriot Northwest will again host high school, middle school meets

TMSCA state meet headquarters for both the HS State meet on 3/19/16 and the MS Championship Meet on 4/16/16 will again be the Marriott Northwest located on the intersection of I-10 and Loop 410.

Registration/Packet pick-up for each meet will be the Friday preceding the meet from 9:00 am until 6:00 pm. The TMSCA General Business Meeting will be held Friday evening at 6:30 pm in a

meeting room TBA.

TMSCA has been given a special rate for our member schools. This rate is \$104.00 for single/double/triple/quad occupancy. Deadline for reservations to guarantee this rate is 2/24/16 for the high school state meet and 3/23/16 for the middle state school meet.

To obtain the TMSCA rate, contact Sonia Pena at 210-308-2807 or by email: Sonia.Pena@marriottsanw.com .

## A synopsis of TMSCA's 4 contests

### Number Sense

Number Sense involves a 10-minute, 80-question mental math test covering all high school mathematics courses. Shortcuts need to be developed and practiced in order to compete and finish the test.

### Science

This contest challenges students to do a wide range of reading in biology, chemistry and physics, to gain an understanding of the significance of experiments rather than to recall details, to be alert to new discoveries and information in the areas of science, to gain an understanding of the basic principles as well as knowledge of the history and philosophy of science, and to foster a sense of enthusiasm about how science affects our lives.

### Calculator Applications

This contest includes calculations involving addition, subtraction, multiplication, division, roots, powers, exponential, logarithms, trigonometric functions and inverse trigonometric functions. In addition to straightforward calculation problems, the contest includes geometric and stated problems similar to those found in algebra, geometry and trigonometry textbooks, previous contests and League materials related to the contest.

### Mathematics

This contest is designed to test knowledge and understanding in the areas of algebra I and algebra II, geometry, trigonometry, math analysis, analytic geometry, pre-calculus and elementary calculus.
